I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I Can't tell you strongly enough how upset I would be if I couldn't receive my medication from Madison Pharmacy. I was 29 years old and had to have a total hysterectomy... I tried several hormone replacements with no results... I was not myself I felt as if my life had ended taking antidepressants and feeling awful. I then heard of Madison Pharmacy and along with my doctor we found a replacement that makes me feel like me again!!! I'm now 31 years old and very happy! Please don't take this away from me!!
